

Mot de la direction

The new school year has started on the right foot; it will be full of discoveries, new friends, and adventures to share. Students will spend their first few days settling in smoothly, getting to know each other, familiarizing themselves with classroom routines, and starting the year with confidence in a caring atmosphere.

This year, in addition to continuing to offer a quality education in a safe and supportive environment, our priority is to build more connections with our community through you, the parents, as our key partners in our students' success. To discuss how the classes will run this year, we hope to see many of you at our curriculum night, which this year will take place in a musical setting around a barbecue.

Finally, I invite you to:

1. Join the Parents' Council by filling out the form you received for that purpose.
2. Allocate your school taxes to the Viamonde Council by filling out the forms distributed to your children.

We look forward to a successful year together!

L'équipe de Franco-Jeunesse

This month activities

School Life

- 17 Student Council Election. Good luck to all our candidates!
- 19 Traditional back-to-school picnic at Mike Weir Park
- 24 Open House. Come visit us! BBQ and musical performance
- 26 Professional Development Day
- 30 National Day for Truth and Reconciliation

Culture

- 13 "Francophonie en fête". A group of students will perform a musical number in Toronto.
- 25 Franco-Ontarian day. Celebration with a performance by Yao

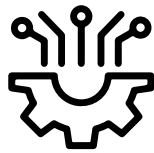

Sports

Secondary School: For the past three years, we have been implementing our school sports program in partnership with Saint-François-Xavier Catholic High School. Coaching is a shared effort with staff from both schools. The sports this fall are girls' basketball, cross country, golf, tennis, and boys' volleyball. Good luck to all our athletes during the tryout period.

Elementary: The sports we participate in are based on our students' interest. Coaching is handled by the school staff. The fall sports are boys' basketball and cross country. Good luck to all our elementary school athletes.

What is new?

Staff

We would like to thank Mr. Richard Imbault, our Head Caretaker, who is leaving our school for a new adventure after many years of loyal service. To replace Mr. Richard, we welcome Mr. Jean-Michel Racine, a face already very familiar to our students, as he has long held the same position at École Les Rapides. We are happy to have him with us.

We also welcome Ms. Faziah Gamaz, who specializes in teaching mathematics and science at the intermediate and high school levels. Ms. Faziah has a very diverse background from various Canadian provinces that will certainly benefit our school community. We are happy to have her with us.

Curriculum

This year, we are emphasizing coding in the mathematics curriculum. With the support of the Mastermind foundation, our students will develop technological skills that are transferable to other areas of life.

Do you know?

- Did you know that we have an amazing food program? It's true that we offer "Food / Nutrition" and "Food and Culture" classes. But what sets our program apart is that we really get "hands-on." Since we don't have a cafeteria service, our students prepare 2 lunches and 1 dessert every week. In addition to these planned cooking sessions, spontaneous opportunities are added throughout the year. Lunches can be purchased online through Schoolday for the modest price of \$7.
- Did you know that our announcements are live on YouTube? We invite you to watch us every morning by searching for "FrancoTV694" on YouTube.
