### **F.G. BRADLEY'S**

#### **Kettler Stockholm Indoor Table Tennis table**

Prix : Retail : 729.99 – Commercial : 545.59

Actuellement en ligne : Reg. Price: \$789.99 CDN

**ON SALE: \$489.99 CDN**

Delivery and installation : 180 \$ + 80 \$ for additional tables

Kettler table is what we can call a uni-body table. This means the whole unit moves as one and the net is always stationary on the table. This makes the table very easy to move around and sets up quite easily and quickly. The downside is that there are no leg levellers, making it a little difficult to get the table totally level. I suggest going with the Kettler tables if they are going to be opened and closed a lot.

World-renowned indoor table tennis, manufactured in Germany by Kettler. Sturdy construction and unique safety features make this our best selling table tennis unit. The chassis on this table features uniquely designed oval steel tube legs with special synthetic powder coating to guard against corrosion and surface scratches. The center transport frame is also powder-coated heavy-gauge steel tubing. Kettler's DLS; Dual Lock Safety mechanism prevents accidental open and close. The patented double locking mechanism can be easily worked by one person allowing the table to be folded for playback or compact storage. The 3/4 inch composite wood top incorporates a professional multi-process finish for Certified True Bounce and warp resistance. Tournament lines are screened on the surface so they are smooth and even with the playing surface. Unique UV defiant topcoat finish resists fading and aids in scratch resistance. All outer edges are protected and supported by a 1" channeled aluminum trim and radius bend corners. A special design cradles table top to resist warping and to protect table edges. Includes a deluxe net and durable resin net posts that are designed to remain in play position at all times, even when table is folded for storage. Net and post include height and tension adjustment. Table folds half way for true play-back for warm-up or solo play with NO wide gap for the ball to drop into. The table folds for storage to a compact and safe 22" W x 67" H x 72" L size. Double caster wheels with footbrake make moving this table a breeze. Dual 4 1/2 " wheels allow for easy relocation and wheels have locks so one person can fold up the table with ease. Balls and bats sold separately. International Tournament size of 5' x 9'. Weight: 180lbs. Approved by USATT. Some assembly required with easy step by step instructions, all tools included. Important Note: These tables may have slightly warped playing surfaces however are within Kettler's tolerances. **\*\*\*SOLD NEW in BOX AS IS - AS IS - FINAL SALE\*\*\***. Carton Dimension: 62" x 55" x 4".

### **JOOLA NOVA PRO PLUS OUTDOOR TABLE TENNIS**

**PRIX: 1000\$ (soldé de 1200\$)**

The JOOLA Nova Pro Plus Indoor/Outdoor Ping Pong Table is a high-quality table tennis table that can be used inside or outside, designed specifically to withstand outdoor use all year round, in all weather conditions and terrains. Featuring a 6mm aluminum plastic composite surface, resistant to warping and chipping, the JOOLA Nova Pro Plus Indoor/Outdoor Table Tennis Table offers a consistent bounce even after years of extended outdoor play, making this a great family investment. No maintenance is required since each half is mounted on a 40mm x 40mm rust-resistant, powder-coated steel undercarriage. Adjustable height levelers on each leg help balance the table on uneven ground, ensuring a level playing surface. Double anti-tilting devices and enhanced 6-inch (double the standard size) locking casters make it safe and easy to transport. Enjoy playing with friends or training solo by folding up one half of the table into the playback position. The JOOLA Nova Pro Plus also comes with a hassle-free screw-on weatherproof ping pong net set with adjustable posts. This is the perfect addition to your deck, backyard, driveway, garage, or community playground! Start playing like a champion with equipment developed for champions! JOOLA is a proud sponsor of the US Open and the US National Team. Carton dimensions: 63x57x5.7in Weight: 190lbs
